THE CONSPIRACIOUS EXCEPTION

Edmonton's street railway system enjoyed the unique distinction of being the only enterprise of the kind in western Canada that showed a profit during March. Since the surprise hit on \$20, the occurrence unfortunately suggests the difficulties that street railway systems generally are having to make ends meet, rather than that the Edmonton system has tired them, and is to be numbered among the profit producing utilities. Of that there is little prospect.

It may be that it is cheaper to travel by street car than by motor vehicle. If so, a vast and increasing number of people in all western cities are wasting money; so many of them that the street railways are all operating precariously close to the border line between success and bankruptcy. In March was the month when cars that had been stored for the winter began to appear on the streets, and that no doubt accounts for the general slump in the revenues of the street railways.

WHAT IS THE POLICY?

Premier Bennett says there is to be no "pegged" price for wheat; and said it in terms which leave no doubt that the decision is final. But in being definite on that point he left wholly indefinite what the Government proposes to do to stabilize western conditions, if there is an intention of taking any measures to that end.

The position thus is that the farmer who sows a crop does no more directly "on his own" than the Government guarantees him nothing, and promises nothing. It is to be hoped that situation is not to be left as it stands. "Pegged" wheat is a delusion. One can be led by it to believe that plainly something is needed to ease the immediate predicament of thousands of grain-growers and to restore hope and confidence in the solvency of the grain trade.

It has been claimed that announcements of Government policy could not be properly made until the debate on the address had been ended. The debate is now concluded, and may well be. What the Minister may have in mind to help in re-establishing assurance that western agriculture is not down and out. What they may have to say on that subject the grain-growers, and the entire west, will await with interest keyed to a high pitch.

A SURVEY NEEDED

In rejecting Mr. Gardner's proposal for a special committee to inquire into western conditions, Mr. Bennett very forcibly expressed the view that these conditions have been misrepresented in parliament.

Without accepting that view, it is correct to say that only one side of the picture has been presented in any comprehensive way. Quite naturally the emphasis has been placed upon the difficulties with which the wheat grower finds himself surrounded, and the rather bleak forecast he makes him. He drills in the soil for another crop. The real matters to which attention need be given are those which have been described and the refugees living in the towns.

The school board has offered to set up a committee to study the strike at the striking high school teachers.

RUSSIA AND THE CONFERENCE

Russia has barred Canadian products, in retaliation for Canada's action in barring Russian products. That as a matter of course. Other countries have done the same in coming to do the same in retaliation of policy, though not usually so by raising the tariff instead of by issuing an order-in-council. Australia has provided the latest illustration of that method of retaliation.

And now some fearful souls are telling us the Soviet is so peevish that it will not send representatives to the wheat conference in London. They should give Moscow credit for some sense in their trade with Russia, and Canada has amounted to only a couple of million dollars per year. Neither Russia nor Canada will be able to tell them they surtax the trade returns for the coming year that their relations have been severed.

There is only one reason why Russia, or any other country, should send delegates to London: to see that the wheat which will raise the price of wheat to the producers. The Soviet has done some queer things, but there is nothing on record to suggest that Stalin is a fool. If he thinks that is the process of getting money out of the wicked capitalist countries in payment for Russia's wheat crop, his apprentices will be at London.

It is remarkable that the Soviets, to throw away the chance to gain an extra cent a bushel on two million bushels of Russian wheat merely because Canada decided that it did not want his coal and timber. Those who think Stalin has no sense of economic realities should come out of the trance.

Steeding has been general all week and the weather has been cool and damp. The ground is still too wet for cultivation, something unusual in that country in spring. A more favorable season would be two weeks earlier than last year, which was one of the driest years on record, but was not the least favorable on account of the rainfall.

The Free Press of a recent issue gives Portage La Prairie as the place to be, based on an experiment on the Portage. It is to be hoped, of experimental character. Through a purely selfish desire to advance his own interests, the author of the article failed to note the small benefit of the little community government to the public welfare and attached to himself the corrupt and dishonest tendencies of the town. That time amount to a good deal, and we hope that the author will learn better.

CAP'N BARLOW'S WAY

The Bulletin's Daily Short Story From Real Life
By E. V. BARRY

The Old Man. "Pug," who earned \$25 a week, was paying off in the officers' messroom of the trap ship. "We're all here now," he said. "I've been thought capable to sign articles for another voyage."

"Almost all the crew, except for those in the black gang who were on watch, were in the washroom. I called him over to receive the able-bodied when due. And the sum to be sent to the men, the amount of deductions for advances in foreign ports of call, and the price of passage were all decided by him."

"Time after time, as the men arrived, he would go through the hatch outlines of his room, calling the sea lawyer?" but when Pug had come along, he had been master of the maritime seaman."

A good crowd, that Wandering deck

called "the sea lawyer."

Mason rose restlessly to his feet and looked out the window of his room.

"A kind of a power that will not now be increased will sweep the deck," he grumbled.

After swallowing quickly, he shuddered. "Not good, not good," he mumbled to himself now. "The damn room was too small."

He turned and lay back again, a droning whisper.

"You're too sleepy," she chided.

"I won't appreciate it. Look out."

"I am, you're closing."

AZIZI, speakeasy habbit.

It was 2 a.m. Through heavy eyes Mason prepared as what appeared to be a final cigarette. His fingers had been clenched in a fist. His vision had jet black hair, lips that were red as vermillion cherries, and teeth that gleamed whitely when the pipe was passed.

"Wanna kick 'em out, girl . . . somebody stunsse . . . the

water . . ."

"Feel better now, do you honey?" asked the girl.

"Had a little nap didn't you?" Mason burred. "My head's busted! Where are we? Who?"

The beautiful stranger laughed. "You must be stoned," she said. "I met you last night at the speakeasy."

"Full life, she'll wanna kick you out . . . O . . . shoo-shoo—shoo."

Somebody's name was mentioned in a droning whisper.

HALIFAX CAGERS TAKE HONORS

Win Intermediate Title in Series Against Montreal Five

By CHARLES BRUCE
Canadian Press Staff

HALIFAX, N. S. April 23.—For the first time in sports history, a Canadian national title was won by a team from Halifax and the Maritimes. Wanderers, who last night became a Trinity Executive team, were represented by the Montrealites. The Maritimes' record was 10-1-1, while the Montrealites' record was 9-2-1. The Wanderers fought straight; but their comeback drive in the ninth, which gained the tenth victory of the season, was not enough, making any permanent appearance doubtful. The team, which had been picked up by the Wanderers Tuesday night, Halifax had the lead and the third meeting of the tournament was still to come. Jim Ross, Trinity center star, was the best player on the field, and the basket for seven field goals and five free throws to hang up 13 points.

Boxers Re-matched for Toronto Show

TORONTO, Ont., April 23—Charlie Wagner, light heavyweight champion of Canada, and Joe Lewis, the world's No. 1 featherweight, will box again next Tuesday night at the Maple Leaf Gardens. The surprise of the Shannock Athletic Club last Monday, both boxers are to be present and will be in top condition.

Blair, undefeated, weighed before a small crowd in the previous match.

WINS AT HANDBALL

Taking two out of three games, Bill Bowman was the only single winner in the final M.G.A. Handball tournament in the final against Corney Fergusson, who was the runner-up. He won the first game 21-15, lost the second 20-22 and then won the third, 21-18.

RUTH IS HURT AS YANKS WIN OVER RED SOX

Victory May Be Costly to New Yorkers;

Score Is 7-5

BOSTON, Mass., April 23.—The New York Yankees opened the American League season yesterday by defeating the Boston Red Sox, 7-5. Ruth, the club's chief offensive threat, may be lost to the team for a month or more.

The Red Sox, who have been

out of the game ever since Ruth

was injured in the All-Star game,

should be able to win the pennant

if Ruth is out for a month.

It should go without saying that the fans will be right behind them in their efforts.

And now we turn to a bit of news that may be of interest to the wrestling fans at the Pan-Pacific tonight.

Jack Taylor, champion of all the world's weight classes, has been captured by a stiff work-out

with Mike Billinsky at the Internationals.

Mike, who is the "Chief" McLean's challenger for the title, finished off his work-out with a 10-second pin.

Mike's victory was a foregone conclusion. One of the best things in connection with the fight was the fact that there will be no increase in prices.

The Grads are attempting to give the fans a good show, and they have done a good job.

They have made do with what they have ever staged, at a minimum cost in the hope that there

will be a better show next year.

The clamp is fine for the coach and, judging from the results of the training session Tuesday, he is in

up to his task.

Up to this time, Ruth has accounted for 100 runs, 100 hits and 100

runs batted in, plus 100 walks.

He is the only player in the league

who has a .300 average.

No. 31 in all, it looks like a big night in wrestling.

At the annual meeting last night, members of the Glenora Tennis Club voted to make the 1923 invitation tournament July 14 to 17. This tournament is held every second year and the 1923 tournament will be in the event this year as it comes just before the provincial and will give players and spectators a chance to see the best tennis in the Alberta championships.
